The OVMA Presents:

**A Moo...ving Experience with a Veterinarian**

*Did You Know???*

- Cows drink about a bathtub full of water each day
- The average cow is 2 years old when she has her first calf.  
Young female cows are called heifers
- A cow chews it's cud (regurgitated, partially digested food) for up  
to 8 hours each day
- A holstein's spots are like a fingerprint or a snowflake--no two  
cows have the exact same pattern of spots
- The gestation period for a cow is the same as for humans, 9 months
- Horses can sleep standing up
- A horse's age can usually be determined by its teeth
- Horses produce approximately 10 gallons of saliva per day

**The Ohio Veterinary  
Medical Association**  
is a proud sponsor of the  
**OVMA Veterinary  
Education Center**  
( Located in the Wick Center)

Visit the **OVMA Veterinary Education Center** for presentations at **11:00 am and 2:30pm every  
Wednesday-Sunday** of the fair to learn more interesting facts about farm animals and  
**how veterinarians keep both animals and people safe and healthy!**

You'll also get the opportunity to  
witness a live animal birth too!
